

SECTION 2-B (Appendix)

Managing Uncontrolled Symptoms

Should you develop uncontrolled symptoms that cannot be addressed in your current residence, your hospice benefit includes the General Inpatient Level of Care provided in a contracted MJHS Hospice Inpatient Unit (IPU) or skilled nursing facility.

In order to continue receiving hospice services from MJHS-HPC, any hospitalization related to your hospice diagnosis must be provided at an MJHS-HPC contracted facility. You can decide to use services or be admitted to a hospital or facility not contracted with MJHS-HPC for symptoms related to your hospice diagnosis by revoking your hospice benefit or assuming responsibility for any fees or charges related to the service provided.

If your symptoms become unmanageable, don't panic: **STOP** and call one of our 24/7 numbers:

Manhattan and the Bronx: (212) 649-5555

Brooklyn: (718) 921-7900

Queens and Nassau: (516) 239-2400

A nurse or physician will immediately evaluate you and your symptoms to see if the General Inpatient Level of Care is best for you. Please speak to your RN Case Manager at the time of admission to predetermine where you would prefer to be transferred, should this level of care is needed.
